Campaign Spending: [List of Filers](#)

My Name is Wesley Goodin. I am a third generation upcountry resident, and a graduate of Maui High School in 1971, the last class to attend the old Maui High in Hamakuapoko. I earned a BBA in Marketing from the University of Texas at Arlington in 1984 after having completed some of my undergraduate work at Linfield College in McMinnville, Oregon. I am currently employed as an Account Executive by The Gas Company in Kahului. My governmental experience comes from spending over 7 years working for the Federal Government with both the Department of Defense and the Social Security Administration.

It breaks my heart to see the children of my life long friends unable to afford to live here because of failed governmental policies. As upcountry residents we pay some of the highest taxes in the United States while receiving inferior state services. Education, highways, infrastructures and hospitals are just some examples. In simple terms we are receiving far less than we are paying for.

For as long as I can remember, people who aren't from the upcountry area have been making decisions for us. People from Honolulu do not have a clue about the unique community and lifestyle that make up our part of the island of Maui. It is time to have a true upcountry boy represent this district, and not a Honolulu transplant. I am that upcountry boy and I am asking for your vote. Mahalo.
